

SODA DISPENSER PART # SET2_L

PRODUCT NAME

Soda Elegance Tower

MATERIAL

Stainless Steel

FEATURES

*SODA ELEGANCE TOWER model has all the necessary technology (CO2 bottle, CO2 reducing valve and a water filter) in the bottom part of the machine.

*This machine produces 18-20 litres per hour of high quality chilled soda water, which will satisfy any office or household demands.

*The modern design makes these machine ideal for households and offices.

*The modern compressor cooling unit uses the power input for direct transfer to chilling, which guarantees minimum energy usage.

*Krome cooling technology is 45% more efficient than its power input.

*All external construction is made from stainless steel to give a more clean and aesthetic look.

*The dispensing taps are equipped with push buttons on top of the taps, which ensures perfect regulation of soda and chilled water.

*Also includes a stainless steel drip tray that ensures no spillage.

*The materials used meet the highest requirements for hygiene standards and guarantee a long working life of this soda water machine.
